

Acknowledgements

We are not quite prepared to face the departure of a loved one to external rest. At a time, such as this, the many thoughtful expressions of friends make the transition easier. The family acknowledges with great appreciation the kindness, love and concern extended to us during our time of bereavement. We pray God will continue to bless each of you.

Uncle In Heaven

Although you sleep in Heaven now
You're not that far away My heart is full of memories And you're with me everyday
You lived your life with meaning And with a smile upon your face
A world that was full of happiness Is now an empty place
People say that only time Will heal a broken heart But just like me and you It has
been torn apart I know you are at peace now And in a place where you are free
Meet me at the Pearly Gates When Heaven calls for me.
