# The Moment That You Left Me,

my heart split in two. One side filled with memories, the other side died with you. I often lay awake at night when the world is fast asleep & take a walk down memory lane with tears upon my cheek. Remembering you is easy. I do it everyday, but missing you is a heartache that never goes away. I hold you tightly within my heart and there you will remain. You see life has gone on without you but it will never be the same.

*Love Your Children*
